

DR. SRIDEVI TANDLEY

- Faculty, Analytics & Economics
- Chair, Centre for Industrial Consultancy
- Chair, Centre for Artificial Intelligence & Decision Science (CAIDS)
- Founder, SIJI Consultancy LLP
- Mobile: +91-7506640780

sridevito@gmail.com · sridevi-tandley.github.io .

LinkedIn scanner

20+ yrs

AI/ML & analytics leadership across 8 countries, 5 industries

5 papers

SSRN working papers & journal manuscripts on GenAI/Agentic AI (2026)

8 institutions

AI use cases in Banking, Healthcare, Manufacturing delivered across 4 countries

INR 1.30 CR+

Financial benefit from AI/ML delivered at Mashreq Bank (2021–23)

ACADEMIC APPOINTMENTS

Bharathidasan Institute of Management, Tiruchirappalli

Apr 2024 – present

Faculty, Analytics & Economics; Chair, Centre for Industrial Consultancy; Chair, CAIDS

Teaches analytics, AI and economics electives to MBA cohorts; leads institute–industry applied projects in banking, healthcare media, manufacturing and heavy engineering.

ENTREPRENEURSHIP

SIJI Consultancy LLP

Feb 2024 – present

Founder

Bridging the gap between theoretical research and real-world application by combining deep academic rigour with hands-on industry expertise — transforming raw data into actionable intelligence and building AI-powered systems that deliver measurable impact. (sijiconsultancy.com)

EDUCATION

- **Ph.D. in Economics** — Centre for Economic Studies & Planning (CESP), Jawaharlal Nehru University, New Delhi
- **M.Phil. in Economics** — University of Madras, Chennai
- **M.Sc. in Economics** — Madras School of Economics, Anna University, Chennai

RESEARCH INTERESTS

Public finance · policy analysis and cost-benefit evaluations · behavioural studies · industrial organisation · GDP nowcasting and indicator selection · inflation dynamics and monetary policy in emerging economies · implementation of governed and responsible agentic AI for efficiency · predictive maintenance and industrial analytics · credit decisioning · decision intelligence and insights for public policies

WORKING PAPERS

- “Digital Public Infrastructure and Bayesian Nowcasting of India’s GDP: Why a Few Timely Indicators Suffice” (with Karan Singh Bagavathinathan), SSRN, Aug 2026. [SSRN 6897978](https://ssrn.com/abstract=6897978)
- “Know the Economy, Not the Data Lake: Country Structure and the Right Number of Indicators in a GDP Nowcast” (with Karan Singh Bagavathinathan), SSRN, Jul 2026. [SSRN 7127798](https://ssrn.com/abstract=7127798)

- “Inflation Targeting in the Time of Supply Shocks: A Large-Language-Model Reading of India’s Reserve Bank, 1997–2025” (with Karan Singh Bagavathinathan), SSRN, Jul 2026. [SSRN 6970159](#)
- “From Preventive to Predictive Maintenance: A Sensor-Free Analytics Framework and a Governed Agentic AI Architecture at an Integrated Special-Steel Plant in India” — journal manuscript, 2026.
- “Accuracy Is Not Accountability: Governing an Agentic Credit Decision System” — *journal manuscript*, 2026.

PUBLICATIONS

- “Qualitative Assessment of Education on the Female Work Force in India”, in Emerging Trends in Management Sciences, House of Journals, Pune, Oct 2022. [doi:10.52416/eureka.2022.1.1.p01-344](#)
- “Banking serves as a tool in benefiting economy to recover from stagflation”, Elets Banking & Finance, Oct 2022.
- “Diversity in Data Science to Solve Business Problems”, in Gender and Inclusion (pp. 63–74), Centre for Development Policy and Practice, ed. Amir Ullah Khan et al., 2021.
- “Revisiting the empirical existence of the Phillips curve for India”, Journal of Asian Economics, 22(2), 2011. [doi:10.1016/j.asieco.2011.01.002](#)

CONFERENCE PRESENTATIONS

- “The Inflation Burden in Emerging Economies: Why the Phillips Curve No Longer Guides Policy”, General Poster Session, INFORMS Annual Meeting 2026, San Francisco, Nov 2026.
- “Vertical coordination in Shrimp exports from India: How has contract farming helped farmers’ access rich markets?”, IFPRI-IEG workshop, ICAR, New Delhi, 2006.

INVITED LECTURES, PANELS AND WORKSHOPS

- Annual Board of Studies workshop — “Framing of Curriculum & Syllabi for the M.B.A. Business Analytics Programme”, as Member, Board of Studies (MBA), Anna University, Chennai — Jul 2024, Jul 2025 and May 2026.
- Workshop — “Case Writing Mastery: Crafting Engaging and Impactful Management Narratives”, Indian Institute of Management Calcutta, Dec 2024.
- Personal-interview selection panellist, Tamil Nadu Chief Minister’s Fellowship Programme 2024–26 — panel selecting the top 25 candidates from 21,000 applicants, Nov 2024.
- Panel — “Women in the Workforce: What the Data Says”, National Conference on Gender and Inclusion, Presidency University, Bangalore, Mar 2024.
- Panel — “Women in Data Science: Promise, Purpose, Potential & Problems”, ETCIO Data Strategy Summit 2023, Sep 2023.
- International Conference on Development Policy, CDPD and Presidency University, Sep 2023.
- Guest lecture — “Essentials of Business Analytics”, PGCBF-01 programme, Indian Institute of Management Tiruchirappalli, Oct–Nov 2022.
- Panel — “Modernizing Core Technology for the AI Bank of the Future”, Future.AI for BFSI, Mumbai, Oct 2022.
- Guest lecture — “How to Develop a Digital Strategy using Customer Data”, Indian Institute of Management Tiruchirappalli, Oct 2020.
- “Diversity in Data Science to Solve Business Problems”, Conference on Enabling Equal Opportunity: Looking at India’s Gender Diversity, CDPD, Oct 2020.
- Jury member — Data Science Skillathon, Institute of Product Leadership, Cupertino, California, May 2020.
- Panel — “Adopting Artificial Intelligence”, Honeywell Technology Solutions India, Bangalore, Mar 2020.
- Speaker — Women in Data Science (WiDS) Bengaluru pre-event, organised by PayPal, Jan 2020.

- “Introduction to Real-time Digital Analytics” training series, Citibank, 2017–2019.
- Live showcase of advanced-analytics capabilities and demo models to global TCS clients (CXO level), TCS Analytics & Insight Lab, Mumbai, 2014–2017.

RESEARCH REPORTS (2005–2006)

- “Small Area Estimation of Selected Welfare Indicators: Results for Uttaranchal”, World Food Programme, New Delhi & India Development Foundation, Gurgaon, 2006.
- “Capacity Building for Policy Makers, Regulators, Inspecting Firms, Small Agricultural Exporters and Importers in India to Face the SPS Measures”, British High Commission, 2005.
- “Measuring the Degree of Women’s Empowerment”, Working Paper Series, International Development Enterprise (IDE), India, 2005.

TEACHING

Courses designed: Advanced Predictive Analytics · Artificial Intelligence & Machine Learning · Generative AI for Business · Data Science Tools · Business Analytics · Applied Marketing Analytics · Business Economics · Digital Product & Service Management. Modules on Agentic & multi-modal AI and Prompt Engineering.

Corporate and professional learning:

- Advanced AI & Copilot for SEM — full-day corporate workshop for the digital-marketing team (SEM managers, campaign-analytics managers and asset creators), Forbes Advisor, Mumbai, Oct 2026.
- Masterclass on Agentic AI — “AI Agents at Work: What they do, what they’re worth, how to design one”, iTNT Hub Masterclass Series, Aug 2026.
- Prompt Engineering for Leadership & Mid-Level Managers — Matrimony.com, Apr 2026.
- Hands-on Workshop: Generative AI & Agentic AI — From Models to Autonomous Business Systems — workshop facilitator, Fusion’26 Digital Business & Analytics Conclave (BIM Tiruchirappalli with the Department of Management Studies, IIT Madras as Knowledge Partner), IIT Madras, 2 Mar 2026.
- iGAIN-AI in Banking workshop series, Aspire Systems (2024). Learning & Development Councillor for Digital Analytics, Citibank (2017–2019).

APPLIED PROJECTS LED (2024 – PRESENT)

- Lookalike-audience AI framework — Accusaga Inc. & Health Union, US (2024)
- AI use cases in banking & financial services across eight institutions in four countries — Aspire Systems (around two years, 2024–2026)
- Net impact of e-commerce on employment and consumer welfare in India — Pahle India Foundation & Flipkart (2024)
- Shop-floor quality and reliability prediction for cement, steel and auto-component plants — PQSI Digital
- WeldVision AI — process monitoring for arc welding with one of India’s pioneering and oldest welding research organisations (in progress)
- Sūtradhāra — governed agentic-AI framework for BIM’s student lifecycle (implementation from 2026–27)

INDUSTRY EXPERIENCE

Mashreq Bank, Dubai

Aug 2021 – Sep 2023

Vice President, Data Science (AI/ML)

Led data-science delivery for Wholesale Banking: adverse-media news analytics, NLP persona matching, early-warning signals for creditworthiness and AML, customer lifetime value and next-best-product models.

WNS Global Services

Jul 2019 – Aug 2021

Director, Data Science

Managed the advanced-analytics team for retail, CPG and travel clients: social-media taste analysis across 40 countries, marketing-mix modelling, media inventory forecasting, price optimisation, review sentiment.

Citibank

Oct 2017 – Jul 2019

Assistant Vice President, USA Cards Modelling & Digital Analytics

GBM, XGBoost and Random Forest targeting models for North America Cards; roadmap from traditional statistical models to machine learning under model-risk and regulatory controls.

Tata Consultancy Services

Dec 2013 – Oct 2017

Senior Manager, Data Science

Analytics roadmaps for USAA, Lloyds, Liberty Mutual, MetLife, Prudential, Cigna, Humana, JLR and Centrica; ran the A&I Value BPS Lab, Mumbai.

IBM Daksh

Feb 2013 – Nov 2013

Senior Manager, Insurance & Financial Services Analytics

Pre-sales analytics solutions for BFSI clients across the US, India and Japan.

Dell Global Analytics

Mar 2011 – Feb 2013

Business Analysis Advisor, Digital, Sales & Marketing

Test-and-target and segmentation models for Dell.com; go-to-market design; pricing and promotion optimisation.

Hewlett Packard

May 2009 – Mar 2011

Project Lead Manager, Digital Analytics

Scalable forecasting of online spend and investment; data-driven merchandising and demand-generation optimisation.

Genpact / WNS (GlaxoSmithKline account)

Mar 2006 – May 2009

Senior Consultant, Advanced Analytics

ROI, sales-response and sales-force targeting models; built and managed the analytics team; led business transition from GSK sites in the US and Europe.

IDF-CII & Madras School of Economics

Nov 2003 – Feb 2006

Research Associate, Macroeconomics

Funded research for IFPRI, the World Bank, the British High Commission, Microsoft India and SANEI.

AWARDS AND SERVICE

- Data & AI ICON 2022 award (Future.AI, BFSI category) for AI/ML delivery at Mashreq Bank
- Member, Board of Studies (MBA), Anna University affiliated institutions (from 2024)
- Guest Faculty, Indian Institute of Management, Tiruchirappalli (from 2023)
- FinextraTV interview, "Transforming Banking with AI: Smart Solutions for a Digital Future" (Dec 2024).
- Won – IMC Bronze Award for Excellence in leveraging AI to advance teaching, learning & research Management Education by Indian Management Conclave 2026

SKILLS

Methods: Machine learning, deep learning, generative and agentic AI, prompt engineering · NLP · time series, forecasting, survival analysis, optimisation · marketing-mix and ROI models · segmentation, recommender systems · model-risk governance.

Tools: Python, R, SAS, SPSS, H2O, Hadoop, Azure, AWS, GCP, Teradata, Oracle, Adobe Analytics, Bloomberg Terminal.
